Programming Competition Team Names

Choose a team name before you arrive for the contest! We will ask for your team name during check-in. Your team name will appear above your school name on the scoreboard and on the final results that are published to our website.

Need ideas? See below for a list of team names we've seen at other competitions. You can use one of these or create your own.

Sample Team Names

- .titanic {float: none;}
- //TODO: Team Name
- #define true false
- 0x5f3759df
- 10 GOTO 10
